CALENDAR 22

PUBLIC WORKS 27

From the Desk of The President

President Pulia with the Ballet Folklorico at the Cinco De Mayo festival held on May 4th.

HERE WE GO AGAIN

Forging ahead after a disaster is always difficult. I would like to commend all those who were affected by April's Flood Disaster for their tenacity and true grit to once again rebuild their homes and lives. As you are well aware the 6 plus inches of rain fall that hit our area dropped billions of gallons of water that overwhelmed all the streams, rivers, and holding capacity that our sanitary collection partners, the Metropolitan Water Reclamation District (MWRD) of Chicago, could hold.

Governor Pat Quinn toured many of the affected communities, including Westchester, as well as counties throughout the state, declaring 48 of them disaster areas. The Governor sent IEMA personnel to those affected areas, including Westchester, to assess the damage. The Governor contacted President Barack Obama and requested he declare many counties in Illinois as federal disaster areas. On May 10, 2013, President Obama issued a major disaster declaration for the State of Illinois triggering the release of federal funds to help people recover from the severe storms, straight-line winds, and flooding that occurred April 16-May 5, 2013.

Cook County (including Westchester), as well

as Du Page, Kane, Will, Lake, McHenry, Kendall, Fulton, DeKalb, Grundy, and LaSalle Counties are included in the original declaration with more to be added. As you can see, this severe storm affected millions of people across our state.

The Disaster Declaration Number assigned to this event is FEMA-4116-DR.

For those individuals that did not receive my automated ROBO call but wish to apply for federal assistance you MUST register with FEMA.

There are 3 ways to apply for assistance:

- Apply online at www.DisasterAssistance.gov
- Apply via a smart phone at m.fema.gov
- Apply by phone:
 - Call 1-800-621-FEMA-(3362)
 - Call TTY 1-800-462-7585 for people with speech or hearing disabilities

FEMA ASSISTANCE TO INDIVIDUALS AND HOUSEHOLDS

The Individuals and Household Program (IHP) provides financial help or direct services to those who have necessary expenses and serious needs if they are unable to meet the needs through other

Fire Department

Grilling Safety

Be sure to use safe grilling practices as the peak months for grilling fires approach – July and August. Gas grills constitute a higher risk, having been involved in an annual average of 6,200 home fires in 2004-2008, while charcoal or other solid-fueled grills were involved in an annual average of 1,300 home fires.

Fire in the grill, under hot dogs and burgers, is a welcome sight at the family cookout. But fire anywhere else can make your summer kick-off barbecue memorable for all the wrong reasons.

Safety tips

- Propane and charcoal BBQ grills should only be used outdoors.
- The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- Keep children and pets away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- Never leave your grill unattended.

Charcoal grills

- There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- Keep charcoal fluid out of the reach of children and away from heat sources.
- There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- When you are finished grilling, let the coals completely cool before disposing in a metal container.

Propane grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off the gas tank and grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. If you smell gas while cooking, immediately get away from the grill and call the fire department. Do not move the grill.

Legal or not, fireworks are too risky for amateurs

Permanent scarring, loss of vision, dismemberment—these are too often the harsh realities of amateur fireworks use. To keep the public safe from fireworks-related injuries and deaths, the non-profit NFPA urges everyone to treat fireworks, whether legal or illegal for consumers, as suitable only for use by trained professionals. According to NFPA, amateur fireworks use endangers not only the users, but also bystanders and surrounding property and structures. Pyrotechnic devices ranging from sparklers to aerial rockets cause thousands of fires and serious injuries each year. When things go wrong with fireworks they go wrong very fast, far faster than any Fire Department can respond. Fireworks are dangerous and unpredictable in the hands of an amateur.

In recent years, fireworks have been one of the leading causes of injuries serious enough to require hospitalization. Fireworks can cause severe burns, fractures, scars, death or disfigurement that can last a lifetime. Even sparklers considered harmless by many can reach temperatures of more than 1,000 degrees.

The safest way to view fireworks is at a professional public display. These displays are conducted by trained professionals, and are the smartest and safest fireworks alternatives for anyone because they are established under controlled settings and regulations. (Source NFPA)

Summer Safety Tips

To help you prevent fires and make your summer safer here are a few safety tips. When barbecuing keep grills ten feet from siding and eaves. Never use a grill in a garage or carport or indoors. Before using a gas grill, check hoses and connections for damage. Whenever you are changing propane tanks check all connections with a soap and water mixture for leaks. Check that the venturi tubes—where gas and air mix are not clogged. When lighting a charcoal grill, use only charcoal starter fluid. Never add fluid after the fire is started this can cause severe injury. To dispose of hot coals, soak them with water and stir to make sure the fire is out. Children are never allowed to play around grills and never leave a hot grill unattended.

To keep you and your family safe from fireworks injuries always leave fireworks to trained professionals. When attending professional fireworks displays stay a minimum five hundred feet away. The NFPA position is that there is no such thing as safe fireworks for both children and adults. Keep yourself and your family injury free and leave the fireworks to trained professionals.

Some summer facts barbecue grills caused about 900 home fires and about 3500 outdoor fires in 2002. Half of all grill related fires began on a balcony or enclosed porch. More U.S. fires are reported on the 4th of July than any other day. Fireworks account for half those fires. In 2004, fireworks started 1600 structure fires. The tip of a sparkler burns at more than 1200 degrees Fahrenheit hot enough to cause third degree burns. (Ref firesafety.gov)

The Westchester Fire Department wishes you a happy and safe summer. If you have any questions regarding Fire Safety call 708-345-0433. The Westchester Fire Department is always happy to assist in making the Westchester Community a Fire Safe Community.

Profile

Name: Shaun Lyman
Rank: Patrol Officer
Years as Police Officer: 5

What made you choose police officer as a profession:

I chose this profession because I served four years in the United States Navy as a military police officer and I enjoy working in this field.

Describe a good day at work:

Helping others solve their problems and getting home safe.

What is the best part about your job?

The best part of my job is being able to help the residents of Westchester feel safe and secure.

What advice would you give to someone who wants to follow your career path.

Choose a big department where there is room for advancement.

What would occur on your perfect day off?

I would be at home enjoying the weather in my back yard or watching a ball game.

Police hold open house

To culminate the end of Police Memorial Week, the Westchester Police Department hosted an Open House on Saturday, May 18th. Residents and their children were able to learn more about the Police Department and its operations.

Visitors were shown fingerprinting techniques along with Taser demonstrations.

Volunteers were able to wear D.U.I. (driving under the influence) simulated goggles and experience what it is like to participate in a field sobriety test. Community Relations/Neighborhood Watch Officer Verber was also on hand informing residents on how to keep their homes and neighborhoods safe.

After touring the police station, children were given complimentary mugshots showing their participation in a "cookie jar theft."

The day's events concluded with a K-9 Demonstration by Forest Park Police Officers Dan Miller and "Diesel" who demonstrated the asset that K-9 Units bring to the Law Enforcement profession.

Police blotter

1) At 11:55 am on April 15th 2013, a **Theft of Wallet** was reported at the Jewel Foods located at 2128 Mannheim Road. A customer reported that their wallet was taken from their purse while shopping in the store.

2) At 6:27 am on April 16th 2013, a **Residential Burglary** was reported on the 10600 block of Dorchester. The resident reported that between 12:00 pm and 12:40 pm on April 9th unknown person(s) gained entry to the house posing as utility workers needing to check the resident's electric. Taken was money and jewelry.

3) At 3:36 pm on April 16th 2013, a **Residential Burglary** was reported on the 2300 block of Sherwood. The resident reported that on April 10th between 3:30 pm and 4:00 pm unknown person(s) gained entry to the house by asking for directions and entering the house to look at a map. The resident reported that jewelry was taken.

4) At 8:39 am on April 23rd 2013, a **Theft from Vehicle** was reported from the Westchester Intermediate School parking lot located at 10900

Canterbury. The complainant advised that unknown person(s) removed parts from the wheels of their vehicle between 3:00pm and 11:00 pm on April 22nd 2013.

5) At 9:38 pm on April 25th 2013, a **Theft from Vehicle** was reported at the Westchester Health and Rehab Center located at 2901 Wolf Road. The vehicle owner reported that between 8:00 am and 9:00 pm unknown person(s) removed a purse from their unlocked vehicle while parked in the parking lot.

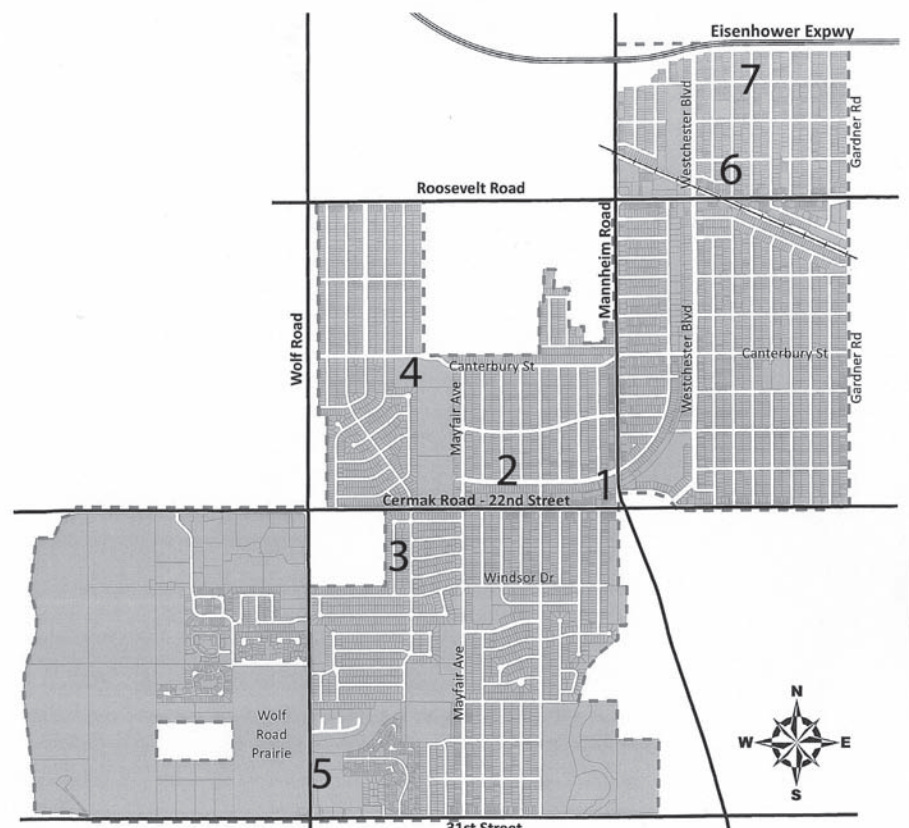

6) At 9:39 pm on April 30th 2013, a **Residential Burglary** was reported on the 1100 block of Newcastle. The resident reported that between 6:20 pm and 9:30 pm unknown person(s) made forced entry into the house. The resident reported that nothing appeared missing at the time of report.

7) At 2:28 pm on May 9th 2013, a **Burglary to Garage** was reported on the 700 block of Portsmouth. The resident reported that sometime during the previous 15 days, unknown person(s) removed a bicycle from the garage.

Village of Westchester

NEIGHBORHOOD CRIME WATCH

PRESIDENT

Continued from page 1

means. Up to \$31,900 is available in financial help (adjusted each year), although some forms of IHP assistance have limits. Flood insurance may be required as indicated below. These forms of help are available: Housing Assistance (including Temporary Housing, Repair, Replacement, and Semi-Permanent or Permanent Housing Construction;) and Other Needs Assistance (including personal property and other items).

Money for homeowners to repair damage from the disaster that is NOT covered by insurance is available. The goal is to repair the home to a safe and sanitary living or functioning condition. FEMA may provide up to \$31,900 for home repair. The homeowner may apply for a Small Business Administration "disaster loan" for additional repair assistance.

FEMA will NOT pay to return a home to its condition before the disaster. Flood insurance may be required if the home is in a Special Flood Hazard Area.

A Disaster Recovery Center (DRC) has been opened in Cook County at the Village of Forest View Fire Department located at 7070 46th Street, Forest View, Illinois.

Disaster Recovery Centers offer information about other disaster programs available from the U.S. Small Business Administration, state and local agencies, and voluntary organizations. Residents must apply with FEMA even if they have already provided damage information to local officials, other agencies or organizations. These programs include:

- Grants for home repairs and replacement of essential household items not covered by insurance to make damaged dwellings safe, sanitary and functional.

- Grants to replace personal property and help meet medical, dental, funeral, transportation and other serious disaster-related needs not covered by insurance or other federal, state and charitable aid programs.

- Unemployment payments up to 26 weeks for workers who temporarily lost jobs because of the disaster and who do not qualify for state benefits, such as self-employed individuals.

- Low -interest loans to cover residential losses not fully compensated by insurance. Loans are available up to \$200,000 for primary residence and \$40,000 for personal property, including renter losses. Loans available up to \$2 million for business property losses not fully compensated by insurance.

- Loans up to \$2 million for small

businesses, and most private, non-profit organizations of all sizes that have suffered disaster-related cash flow problems and need funds for working capital to recover from the disaster-related cash flow problems and need funds for working capital to recover from the disaster's adverse economic impact. This loan in combination with a property losses loan cannot exceed a total of \$2 million.

FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capacity to prepare for, protect against, respond to, recover from, and mitigate all hazards.

FEMA teams have been visiting those individuals who have registered since May 16th. Residents who have registered with FEMA will receive a call to schedule an appointment for a FEMA representative to visit your home generally within 10 days of registering. The appointment will take between 15-45 minutes. When the inspector arrives, ask for/ look for FEMA identification. The badge should include an identification number and photo of the inspector. FEMA inspectors will never ask for money, for bank information or for a social security number. If someone tells you he or she is a FEMA inspector and asks you these questions, contact the Westchester Police Department at 708-345-0060. Police will respond and verify the identity of the inspector.

THE LAST DAY TO REGISTER WITH FEMA IS JULY 9, 2013.

NOTE: If you have already filed a claim with FEMA and received a REJECTION LETTER read the letter thoroughly as there is an appeal process. JUST DON'T THROW IT AWAY!

BE AWARE OF DISASTER RELATED FRAUD

With any disaster, a number of unscrupulous, despicable, unethical, scam and con-men descend and try to take advantage of our good nature. When contracting work to be done, make sure the contractors are licensed by the Village. A list of contractors is available on our website. Contractors on our list have provided applicable insurance and bonding requirements. We cannot recommend any particular contractor or vendor. Make sure you ask for references and contact the Better Business Bureau to check on any complaints that may have been logged. The Better Business Bureau can be contacted on their web site www.bbb.org.

TOBOLSKI ANNOUNCES DEVELOPMENT OF FLOOD

Trustee Calcagno and his wife Gina and Trustee Reda with her husband Billy at the swearing in on May 14th.

MITIGATION PLAN

"The various guidelines and restrictions from the federal government, the lack of funding, the change in administration in the department, and the need to coordinate this plan with the Illinois Department of Emergency Management and all the municipalities in Cook County have created major obstacles in getting this plan off the ground. However, I am happy to report that it is that much closer to being done now." - Commissioner Jeff Tobolski

Chicago, IL - On the heels of one of the largest floods in Cook County history, Cook County Commissioner and Homeland Security Chairman Jeff Tobolski announced a major development in the creation of a Cook County Flood Mitigation Plan. The county received five proposals to create the plan. A vendor was selected, which then went through the county's Procurement Office process as well as the Office of Compliance process and was approved by the Board of Commissioners on April 17th.

Under the Disaster Mitigation Act of 2000 local governments must prepare and adopt a hazard mitigation plan in order to receive grant funds through the Hazard Mitigation Grant Program. Without an approved Mitigation Plan, Cook County is not eligible to receive grant funds for various mitigation activities that will help protect the County and our local jurisdictions from natural disasters, or assist them after one occurs in the event that a presidential declaration has not been made.

In 2010, the County was able to secure a grant for the development of a Countywide Hazard Mitigation Plan. However the grant was not enough to fund the entire project, and lapsed

under the previous administration. In 2011, Michael Masters became the Director of Homeland Security, and revamped the entire department after scandals like the Brookfield Zoo Flood Party and Project Shield debacle.

Additionally, in 2012, the U.S. Department of Homeland Security also required that states and local urban areas complete a Threat and Hazard Identification and Risk Assessment (THIRA) through the Urban Areas Security Initiative (UASI) Grant Program. This created a longer lag in developing the mitigation plan.

"After being sworn into office in December of 2010, flooding was a major priority for me," said Tobolski. "The 2010 floods that hit the Western Suburbs the hardest, created a call for action, and it has been one of the hardest issues to tackle while working in county government."

"The various guidelines and restrictions from the federal government, the lack of funding, the change in administration in the department, and the need to coordinate this plan with the Illinois Department of Emergency Management and all the municipalities in Cook County have created major obstacles in getting this plan off the ground. However, I am happy to report that it is that much closer to being done now," said Tobolski.

Given the federal requirements as well as size of Cook County, the Homeland Security Department estimates that a reasonable completion period will be fifteen months. "This includes the completion of the Risk Assessment, development of the Mitigation Plan, receiving conditional approval from IEMA and FEMA and formal adoption of the plan by every

See **PRESIDENT**, page 5

PRESIDENT

Continued from page 4

participating municipality prior to final adoption by the Cook County Board," said Masters.

All of these steps will need to be completed prior to receiving final approval for the Cook County Hazard Mitigation Plan. "I am also happy to meet with municipalities that have questions about the final formation of the plan, and explain the process further," said Masters.

Cook County District 16 includes the villages of Berwyn, Cicero, Schiller Park, Franklin Park, McCook, Hodgkins, Lyons, Summit, Willow Springs, Countryside, Western Springs, LaGrange, LaGrange Park, Northlake, Forest Park, Westchester, Stone Park, Berkley, Broadview, Hillside, Melrose Park, Brookfield, Riverside, North Riverside, and Stickney.

Commissioner Jeff Tobolski and Commissioner Liz Gorman represent Westchester on the Cook County Board. I know both of them personally and know they are doing everything they can to support Westchester and other communities in their districts.

WESTCHESTER'S FLOOD MITIGATION PLAN

Since the flood event of 2010, Westchester has been working on our own Flood Mitigation Plan. Following the flood event of 2010, I drove to Springfield to meet with IEMA officials to request financial assistance to mitigate issues along Addison and Salt Creek. When asked what county Westchester was in, I stated Cook County. The officials told me "I'm sorry since Cook County does not have a "Mitigation Plan", a percentage of what was spent on flood damage cannot be earmarked for Cook County." Upon my return, I advised the Village Board what I was told and we immediately agreed that Westchester would create our own mitigation plan and send it to FEMA. In doing so, Westchester may be able to receive a share of monies not available to be given to Cook County because the county does not have a plan.

Former Trustee Walter Novak contacted both FEMA and IEMA officials and through his hard work and tenacity, Westchester's Draft Mitigation Plan was sent to FEMA. We recently received comments back from FEMA that some minor edits have to be done prior to final approval. Those edits are being completed and I hope to report that Westchester's Mitigation Plan has been approved in the not to distant future.

GOVERNOR QUINN ASKS FOR FLOOD MITIGATION PROJECTS

On Thursday May 2nd at 6:30pm we were notified that as a result of the recent flood event, Governor Quinn requested municipalities to submit mitigation projects to be considered for a proposed capital bill to fund flood mitigation/storm water management projects. The timeframe given for a submittal to the Illinois Department of Natural Resources was 5pm on Friday May 3rd, less than 24 hours. Staff immediately gathered the project information to meet the Governor's time frame for submittal.

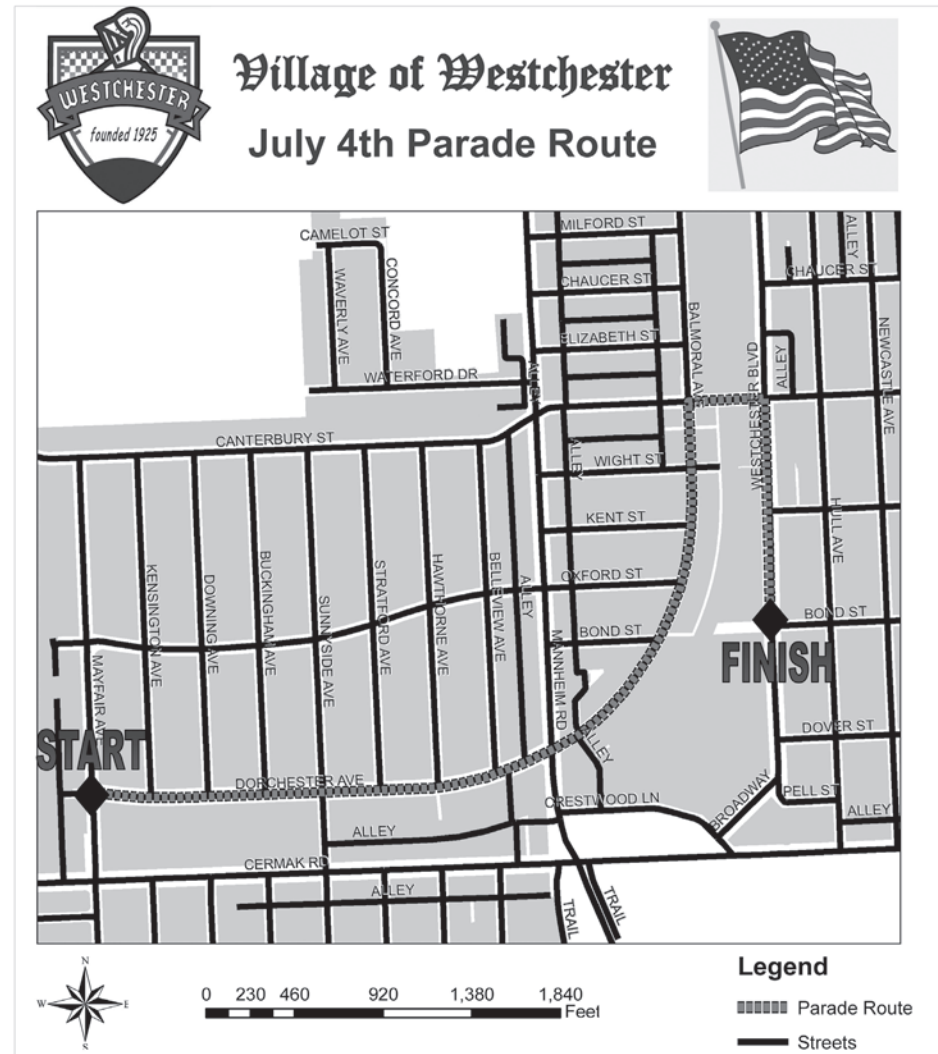

Two projects were submitted. The first project submitted was the Lower Des Plaines Watershed plan proposed by the Addison Creek Restoration Committee and selected by the by the MWRD for consideration. The plan, designed to benefit all the communities along Addison Creek, included the construction of the 960 acre-foot storm water detention facility to be constructed at Lake Street and Mannheim Road in Melrose Park. This project is estimated at approximately \$133 million dollars. The second project submitted was the expansion of the Mayfair Reservoir from a 71 acre-foot detention site to a 99 acre-foot site thereby increasing the existing storm water storage 35-40%. This project is estimated to cost \$1.5 million dollars. I'm sure there were many submittals, however, I am hopeful Westchester's projects will be selected.

OKLAHOMA TORNADO DISASTER

As I am sitting at my desk writing this newsletter, the television is showing the tornado hitting towns in Oklahoma. Seemingly, our problem pale in comparison to the disaster and recovery the people of Oklahoma are facing. Two schools were flattened by the tornado. Over 24 people were killed with the death toll expected climb. Please join me in saying a prayer for those who lost their lives, and the survivors who have to pick up the broken pieces of their lives and move forward. The American Red Cross is accepting donations. To make a donation contact www.redcross.org or 1-800-red-cross. God Speed.

WESTCHESTER RESIDENT LOCATES MISSING BOY

Westchester resident Robert Larson assisted the Maywood Police in locating the body of Bryeon Hunter, a 1 year old child that was reported missing about a month ago. The boy's mother first reported he had been kidnapped, but then admitted she and her boyfriend had killed toddler and dumped his body into the Des Plaines River in Maywood. Larson,

who trains cadaver dogs, volunteered his services to search the Des Plaines River 10-12 hours a day since the boy was reported missing. Larson told Mike Sandrolini, a reporter for the West Suburban Journal, that "he could not rest, after everything Bryeon Hunter went through, knowing his final resting place is the Des Plaines River. He knew he was out there and that he would find him." Cook County Prosecutors have charged Bryeon's mother Lakeisha Baker and her boyfriend Michael Scott on murder charges.

CINCO DE MAYO RECAP

On May 4th, actually the Quatro de Mayo, the Village of Westchester, Westchester Park District, School District 92.5, and the Westchester Chamber of Commerce came together to offer the 1st of many summertime events planned this year. We worried throughout the week that rain would washout our first event. To our surprise, the sun shined through and, an estimated crowd of 400-500 people gathered to enjoy a great time. A Mariachi Band serenaded each table, followed by the Ballet Forklorico, a childrens cultural dance troupe, which included 8 children attending our Westchester schools that were just awesome. Dressed in their colorful dresses and razor sharp pressed trousers and sombreros the troupe wowed us with precision dance steps performed by children

as young as 3 years old. The hour long salsa and bachata lesson that followed energized the participants even more. Music was provided by DJ JohnnyDiggs who kept the festival alive throughout the day. The event could not have happened without the cooperation of all of aforementioned groups.

Food was provided by Christopher's Speakeasy, Mattone Restaurant, and Tacos el Monaguillo. Special thanks to Village Special Events Coordinator Molly "Magee" Keane who organized the event with an ad hoc group of community minded personalities including Drs. Keith Suchy and Tom (Salsa) Sullivan, Park Commissioner Derek Gordon, Park Executive Director Gary Kasanders, Westchester School Superintendent Mike Dziallo, Police Chief April Padalik, IT Manager Greg Hribal, Fire Chief James Adams, Public Works Director Dave Stoiser, Village Manager Janet Matthys, and Finance Director Anne Burkholder (who can schlep tables with the best of them). We hope to continue events like this throughout the year.

MOVIE IN THE PARK

On Tuesday, June 4, our partnership will continue with our first of several "MOVIES IN THE PARK". The Westchester Park District Community Park located at 10201 Bond Street will be the site of the showing of "A

Community Development News

Flood Repair Permit Information

If you were a victim of flooding in April 2013, the Community Development Department would like to remind residents that some flood repair does require a building permit. The Village is waiving all building permit fees for flood related damage, so please call Community Development at 708-345-0199 to inquire if your repair work requires a permit. The permit is required to ensure that contractors doing work in the Village are properly licensed, insured and bonded and that all work is done in compliance with the Villages codes.

Typical types of repair work that requires a permit:

- Drywall Repair
- Electrical Repair
- Structural (Foundation/Wall) Repair

If you hire cleanup or repair contractors, check references and be sure they are qualified to do the job. Be wary of people who drive through neighborhoods offering help in cleaning up or repairing your home. You can research the contractor with the local Better Business Bureau at (312) 832-0500

FOURTH OF JULY PARADE

Westchester will again be having a 4th of July Parade on Thursday, July 4th. The theme of the parade will be "HONOR OUR FIRST RESPONDERS". Our Police and Fire Department personnel place themselves in harm's way, day in and day out, to protect us. The parade will begin at Dorchester Ave. & Mayfair Ave. at 9:30 am. Due to street re-construction on both Bond and Hull, the parade route will detour and travel south on Westchester Blvd from Canterbury. Those persons who normally line up on Canterbury east of Westchester Blvd, on Newcastle Ave. by Divine Infant, and along Bond Street are cordially invited to line

up along Westchester Blvd to view the parade. We are sorry for the inconvenience, however, the safety of the participants and spectators necessitate this change. A map of the revised route is included in this issue of the newsletter.

RELAY FOR LIFE-WESTCHESTER

The Relay for Life of Westchester will be held at Mayfair Park, 10835 Wakefield Street, on June 8-June 9th. The journey to end cancer starts with a single step. The American Cancer Society invites you to take that step with them by joining the global Relay For Life movement. When you walk to end cancer at the Relay event, it's your opportunity to not only honor cancer survivors and remember loved ones, but also to raise awareness about what we can do to stay well from cancer and raise money to help fuel the world's largest walk to end cancer. Village staff members Melissa Fecarotta and Argelia Garbacz will be anchoring "The Village People" team at the relay.

For more information contact Danielle Villari Swets at 1-312-279-7276 or at danielle.swets@cancer.org.

FLEA MARKET SHOPPING

For those of you who love a bargain and flea market shopping the Westchester Community Church located at 1840 Westchester Blvd is the place to be, on Saturday, June 15th, from 8:30 am to 2 pm. Tons of great deals are to be had. There will be tables inside and trunk/tent sales outside. Please contact the church office at 708-865-1282 to rent a space. The event will happen rain or shine.

GREEN TEAM ELECTRONIC RECYCLING

Saturday, June 8th, is the next scheduled ELECTRONICS RECYCLING DAY for the village. From 9am to Noon electronic devices can be brought to the rear of the Westchester Fire Department, Roosevelt Road Station. Please enter Municipal Drive and drive through the rear of the post office to access the drop off spot. Do not enter the driveway where the post office drop off boxes are located, as a traffic problem will occur.

Each month, volunteers are called upon to donate their time to make the event a success. If you would like to volunteer or if you are a student needing service hours, we welcome your help. Please contact Molly Keane at 708-345-0020 for more

information.

CANTERBURY GARAGE SALE

On Saturday, May 18th, The Canterbury Street Area held their 7th Annual Garage Sale. I have not spoken to the organizer Cheryl Rodriguez, however, from driving through the area I could see there were many participants who joined in the fun and bargain hunting adventure. I hope both the sellers and buyers found the event worthwhile. I'm sure there is an 8th Annual Garage Sale in the works. Great job to all!

MEMORIAL FOUNTAIN UPDATE

For those wondering when the Memorial Fountain at Cermak and Mannheim will be operational, we are waiting for the delivery of our electric control panel and the installation of a telephone pole from ComEd. Public Works crews have installed the conduit beneath the ground from the pump hose to the control panel and are ready to pull the wire through. Four decorative planters with flowers have been added to the benches, all provided through the generosity of Ms. Barbara Lucchese. I'm hopeful the installation will be completed this month.

DESPICABLE ME

WESTCHESTER PUBLIC LIBRARY

Congratulations In Order

In April, the Library was awarded a grant of \$5,000 for the purchase of Spanish language books to better serve patrons in both the adult and youth departments.

The award was part of the Illinois State Library's "Back to Books" grant offerings for 2013 which help libraries around the state develop or strengthen areas of their collection.

Here in Westchester, staff have witnessed an increasing need for more materials in the Spanish language for our Hispanic population in Westchester, a population which, according to the Census, jumped from 5.9% to 14.9% over the last ten years.

Funding for this grant project was awarded from the U.S. Institute of Museum and Library Services to the Secretary of State/Illinois State Library under the provisions of the Library Services and Technology Act (LSTA).

Concerts at Ravinia

Ravinia Festival's Words & Music program is back with free lawn tickets to area public libraries. We will hold a drawing in early June to distribute the available tickets. Watch for notices in the lobby, on our website, and on Facebook.

Westchester patrons who borrow library materials are eligible to enter the drawing. Winners will be notified

Candidates Sought for Library Trustee Position

The Westchester Public Library is looking for a qualified candidate to serve as a Library Trustee.

The appointed candidate will be filling a vacated position until April 2015 when the next regular library election occurs.

If you are a Westchester resident and registered voter, consider serving your community as a library trustee. More information about the position is available at the Library. If you are interested, please submit a letter of intent requesting consideration for this position to the **Library Board President** in care of:

**Library Director
Westchester Public Library
10700 Canterbury Street
Westchester, IL 60154**

by phone the day of the drawing, with ticket selections on a first-come, first-served basis. If you are a lucky winner, bring your calendar along to help in your concert selection. Lawn passes can be upgraded to pavilion seats at Ravinia's box office.

Adult Programs

PLEASE REGISTER IN ADVANCE

Call 708-562-3573 or stop by Adult Department to register.

Computer Skills Make an appointment to learn to use a mouse, email, or the SWAN online catalog. We also offer a monthly **Beginner's Internet Class** and a selection of **How-To** classes for patrons who can use a mouse. Classes meet **Wednesdays at 1:30 pm** and a valid library card is required. Registration for residents begins on the 1st day of the month in which the class is held (the day after for non-residents).

Page Turners Reading Club

Summer is here and the readin' is easy. We are pleased to offer another summer session of the Page Turners Reading Club. Based on the success of last year's participation, we are offering a **Barnes & Noble NOOK SIMPLE TOUCH with GlowLight digital reader** as our grand prize, along with several gift certificates.

- The Club will run Saturday, June 1 through Saturday, August 3.
- Open to any Westchester adult with a valid Westchester Public Library card. (Teens have their own reading club this year—see Teen Programs on next page for details)
- Every time you finish reading a book (ebooks and audiobooks qualify too), stop by the Library to fill out an entry form at the Circulation Desk or Adult Reference Desk. You'll be stopping by the Library anyway to return the book you finished and to select another book to read!
- Reading even one book is enough to enter the drawings! The more you read, the better your chances of winning!

Friends of the Library Update

The Friends of the Library thank patrons for their donations of gently used books, CDs, videos and magazines to stock their "book rack" which now encompasses the wall next to the Circulation Desk. Donations are always welcome and the enhanced display area has helped boost sales!

The Friends use these funds to support initiatives like the new group study areas in the Adult Department. This summer, the Friends are covering costs for special programs to entertain children during the summer reading program. Thank you, Friends!

New members are always welcome. If you are interested in joining the Friends, a membership application is available at the Library or can be downloaded from the Library's website:

www.westchesterpl.org/about/friends.htm

WESTCHESTER ELECTRIC AGGREGATION RESULTS

As a follow-up to Westchester's Electric Aggregation referendum, I am pleased to announce the following results: The cumulative savings to Westchester residents is \$1,730,000 per year. The average single-family household savings is \$290.00 per year. Presently, Westchester has a power supply rate of 4.86 cents per kWh, while the ComEd power supply rate was 8.36 cents per kWh. Our savings as part of the FirstEnergy cooperative purchase program vs ComEd is 42%. 96% of eligible Westchester accounts have enrolled in the aggregation program. 4% of the Westchester accounts have decided to stay with ComEd or have selected another company and have opted out of enrollment with FirstEnergy.

Residents, especially new residents, who would like to switch from ComEd to FirstEnergy can do so by contacting FirstEnergy at 1-888-254-6359. You will need your current ComEd bill account number to

proceed. Additional information about our aggregation program may be found on our website www.westchester-il.org.

FROM THE BOARD

At our May 14th Board Meeting, we said good-bye to Board Members Walter Novak and Brian Sloan. Walter and Brian served the residents of Westchester since 2009. Both men decided not to run in the April 2013 election. I was honored to present plaques of appreciation, as well as a Westchester Golden Year Jubilee key chain from 1975, to both of my colleagues and wished them well in their future endeavors. I have known Wally since our days of Divine Providence productions of Showcase 98 and served with him on the Westchester School Board for 8 years. Both men are actively involved in the Westchester Civic Theatre and I'm sure they will continue to make Westchester a Great Place to Live. Although she was unable to attend the Board Meeting, we also extended our sincere appreciation to Catherine Booth who served as Village Clerk since 2009.

YOUR WESTCHESTER VILLAGE BOARD

At our May 14th Board Meeting, Donald Storino, a senior partner of our village law firm, Storino, Ramello, and Durkin, and sitting Judge for the Illinois Court of Claims, administered the oath of office to myself as Elected President, your Elected Village Clerk Sherby Miller, and Elected Village Trustees Nicholas Steker, Celestine Reda and Angelo Calcagno. The room was packed with our families and friends and a host of well wishers for a successful administration. Nick was re-elected and has served the residents as a Village Trustee since 2009. Nick, Celeste and Angelo join sitting Trustees Paul Gattuso, Frank Perry, and Thomas Yurkovich. All of the board members thank you for your support and pledge to serve with what is best for Westchester in our hearts and minds.

Also at the Board Meeting we approved the asphalt portion of our contract paving projects. Central Blacktop was the low bidder in our competitive bid opening. Central Blacktop will be grinding and resurfacing both the phase one and phase two street projects. Phase's 1 & 2 have a total cost of \$1,043,453.00. Phase 1 has a completion date of July 12. Work will begin on June 3. Phase 2 has a completion date of October

31. Work will begin on September 3, (after labor Day).

A FEW REMINDERS

- Westchester Code enforcement has been receiving many complaints regarding the height of uncut grass. Please make every attempt to cut the grass before it exceeds our 8 inch limit.

- Please make every attempt to beautify your property by adding some flowers or plants. Curb appeal goes a long way.

- Also make sure your garbage toter, yard waste bags, and recycling toter, are not brought out earlier than 3pm the day before your scheduled pick-up, and returned no later than 8am the day after collection. Violators are subject to a citation.

- Additionally, we have been receiving several calls reporting inoperative and unlicensed cars parked on driveways in public view. To avoid enforcement action, please remove them from public view or make them operable with license plates and vehicle tags.

- Backflow Prevention Devices are required by state law on those homes with underground residential sprinklers installed in their lawn.

See **PRESIDENT**, page 13

Westchester Welcomes 3 New Village Board Members!

Angelo A. Calcagno, Village Trustee

Angelo has been married for twenty-five years to wife Gina and is the proud father of Angelo, Taylor and Jessica. They have made Westchester their home for the past nine years. He has coached and assisted with Westchester girls softball and served on the Westchester girls softball board of directors.

Angelo is employed as the Manager of Buildings & Grounds for Proviso West High School and holds licenses as a stationary engineer and pool & spa operator. He is also licensed in pesticides applications, asbestos management and pool & aquatics and is a certified Health & Life Safety Inspector.

Celestine Reda, Village Trustee

Celestine has been a resident of Westchester since 1985. She has been married to husband Bill since 1993. Celestine and Bill have four children; Joe, class of 2014 at IMSA, Isabella class of 2016 at IMSA, Juliana, class of 2014 at Westchester Middle School, and Sofia, class of 2016 at Westchester Middle School.

Celestine has a unique perspective on Village government, having worked as Finance Clerk for the Village of Westchester for the past year. She served as a Westchester Library Trustee from 2011 - 2013. Celeste has been active as a volunteer for several organizations in town including serving as the Regional Commissioner for AYSO.

Sherby Miller, Village Clerk

A U.S. Navy Veteran and longtime resident of Westchester, IL. Ms. Miller holds a graduate degree in Management with over 25 years of Information Technology, Telecommunications and Project Management experience. As former Chief Executive Officer of Chicago Health Consultants (CHC), Sherby is capable of seeing the big picture and anticipating typical pitfalls and has the ability to work in a very fast pace environment with tight deadlines.

Sherby has a long history of public service and will be a valuable asset as Village Clerk. Her public and community service positions include: Commissioner, Proviso Township Mental Health Commission; Senior Vice Commander, Westchester American Legion; Zoning Committee Member, Westchester Village; Real Estate Broker; former Co-Chair, Rock Church Jubilee Women's Organization; Democratic Committeewoman, Proviso Township; Ethics Committee Member, Westchester Village.

PRESIDENT

Backflow prevention devices protect your drinking water from pollution or contamination. Contact Melissa Headley, Community Development Director at 708-345-0199 with questions regarding these devices.

- Parents hosting graduation parties need to be vigilant to prevent any alcohol consumption. Parental responsibility laws have been enacted that make parents accountable for the actions of their children.

- Texting while driving is illegal. Far too many persons, especially teens, have been injured and killed as a result of texting while driving. Please take the pledge and adopt the A T & T "It Can Wait" campaign. For more information www.att.com

HAPPY FATHER'S DAY JUNE 16th

Many people of the United States and around the world celebrate Father's Day as a day to express gratitude and appreciation to their Father by giving presents and cards. Father's Day comes on the 3rd Sunday of June each year. Father's Day started in 1910 to compliment Mother's Day. Mrs. John Dodd of Spokane Washington started the custom throughout the United States and in 1936 a National Committee was formed. In 1966, President Lyndon Johnson issued the first presidential proclamation honoring fathers and designated it to be celebrated on the 3rd Sunday of June. In 1972, President Richard Nixon signed it into law as a National Holiday. Headquartered in New York City, the National Committee annually selects a Father of the Year. Some of the famous fathers that have been selected are General Douglas McArthur, President Dwight D. Eisenhower, and President Harry Truman.

Please join me in celebrating the life of all fathers everywhere. If your dad is alive, make sure you reach out to him in some way and tell him how much he means to you. If your dad has passed on, hopefully you were able to say the things that you wanted to say before he passed on. If you did not have that chance I'm sure he is listening and watching your every move from a better place. Take a minute and tell him how much you love him and miss him.

JUNE CALENDAR

In addition to Father's Day there are several other days in June that need to be recognized.

- June 2nd was National Cancer Survivors Day. Please attend the Relay For Life June 8-9.

- June 14th is Flag Day. Fly your American Flag with Pride.

- June 21st is the Summer Solstice. Enjoy the 1st Day of Summer Fun.

ROBO CALL TELEPHONE LIST

During the Month of April and May, I sent 3 automated telephone calls (ROBO Calls) in an attempt to notify all residents that we were in the midst of a disaster, that I was scheduling a Town Hall Meeting to address flood concerns, and to notify you that Flood Damage Assessment Forms were available. I do not make these calls just to do them, but to inform you of what I believe, as your Village President, are pressing matters needing immediate attention. Unfortunately, I found that I did NOT have access to numerous cell phone numbers.

We are in the communication age and I would like to be able to send these alerts to all of you. I know some people do not want to share their telephone number with anyone, and I understand that. However, my attempt is to offer you an opportunity to add your number to our list to better inform you of these pressing matters. If you would like to have your home or cell number added to the call list, please contact our 9-1-1 and I.T. Manager Greg Hribal at the Westchester Police Department 708-345-0060. We can also explain how you can enroll in our NIXLE program where you can receive additional alerts via email and text messaging which include important information as well.

POLICE OPEN HOUSE

On Saturday, May 18th, Chief April Padalik hosted an open house at the Westchester Police Department to culminate Police Memorial Week. An estimated one hundred visitors enjoyed tours of the Police Department, taser and crime evidence exhibits, and a police dog demonstration by Officer Dan and his police dog Diesel. Thanks to the Forest Park Police Department for letting Officer Dan and Diesel attend our open house. We took many mug shots of local "cookie thief's"! Thanks to Chief April Padalik, Lt. Mike O'Hagan, Community Relations Officer Rob Verber, Sgt. Vince LaManna, Detective Eric LoCoco, Officer Keith Rollins, Officer Jeff Battaglia, I.T. Manager Greg Hribal, C.S.O. Cody Padalik, and Village Manager Janet Matthys for making the event such a success!

CONGRATULATIONS GRADUATES

Congratulations to all 2013 Graduates! We would like to give special recognition to high school graduates James Adams, Rencie Baldon, and Sergio Navar who were named Illinois State Scholars. James Adams was also named St. Joseph High School Student Athlete of the Year. Great job! We know you all have very promising futures!

Teachers beginning a new chapter

The Westchester Public Schools is proud to announce their retirees for the 2012-2013 school year. Each will be taking with them pages of memories dedicated to the education of our Westchester children.

Valerie Fink, Family Consumer Science - Home Economics Teacher at Westchester Middle School, has taught in our District for 33 years. She is most thankful to the Westchester families for giving her the opportunity to teach their children and for telling her how important her class was to their children.

She will miss the eyes opening wide with wonder as the Dutch Baby Pancake begins to bubble & rise like a fluffy volcano; hearing about the letter pillows that adorn just about every household in Westchester; countless giggles; former student emails requesting old recipes to share with their children; those new faces of students that look just like mom or dad; a former student, now a parent, asking for advice and commenting, "I'm still learning from you."

Her most cherished memories are the displays of good citizenship nurtured by former parents and former teachers - students doing the right thing, the noble thing, and a kind thing without being told to do so by adults.

Debra Railsback, Bus Driver, has transported our students to and from school safely for 25 years. She was assigned to the BIG bus, but on several occasions drove the Special Needs bus. You could always count on Debbie to lead our downtown field trips. Busy traffic or city driving did not discourage her nor would she let it prevent our children from participating in a learning experience. Debbie was a "one-of-a-kind" bus driver. She remained calm at all times, was punctual and dependable. She will miss the many faces that she grew to know oh so well.

Nancy Higgins, Grade 2 Classroom Teacher, has taught in our District as a full time teacher for 22 years. When asked to name one thing for which she was most proud she replied, "I feel so proud when I witness the transformation of a reluctant reader into a confident, skilled child. It is an amazing change that never becomes routine or taken for granted." She remembers her work with other passionate teachers and parents who brought the recycling program to Westchester Public Schools. She remembers her early involvement with PBIS and being inspired that children have applied themselves inside and outside of school. Nancy will miss

Back Row (L to R): Valerie Fink, Lynn Novak, Lynn Dowiarz, Rosemary Baines. Front Row (L to R): Debra Railsback, LaVerne Pope, Nancy Higgins

the many smiles of the students as well as the lifelong friendships made within her school family. She plans to become a master gardener, travel, read the novels that have been tucked away, and most of all enjoy time with her family. Nancy would like to thank Westchester Public Schools for educating her own children and for helping them grow into successful adults. "The children of Westchester will always be a valuable treasure I hold in my heart. I am proud to be a teacher."

Lynn Dowiarz, Self-Contained Special Education Teacher at Westchester Primary School, has been a member of our District for nineteen years and has currently taught this position for sixteen. Lynn is most proud that she chose the right profession. She still loves walking into her classroom and teaching after all these years. Her greatest joy was the day a student started to read and made a connection to the world around them. The sweet little hugs and heart prints given over the years will always be remembered. The everyday reading and singing with her students will be missed. Sharing funny stories with colleagues too will be missed. To the community Lynn would like to say, "Parents are so vital to their child's education. Be there, be involved, be enthused, ask them questions - the time goes much too quickly!" Lynn plans to enjoy her granddaughter, work in her garden, travel a bit, continue to read, and MAYBE clean her house.

Lynn Novak, Director of Curriculum, has been an administrator in our District for thirteen years. She is proud of the

enrichment, intervention, bilingual, technology, and Staff Development programs that the District has been able to implement in spite of economic uncertainty.

Lynn remembers the teachers' commitment to focusing on the strengths and needs of individual students. It was a joy to see teachers meet the challenge that small group instruction brings and to see the enthusiasm and satisfaction on the faces of students when their learning needs were met and knowing they had a choice of learning activities.

She will miss working with the wonderful professionals who have brought a sense of dedication and a priority for student learning to the Westchester schools. The teachers demonstrated creativity, collegiality and a commitment to children that inspired her daily. The support staff provided the assistance to students and parents that is so necessary to make schools work. "The District Office staff is especially dear to me. They work together behind the scenes so that the Westchester Public Schools is a functional and vital place to learn and work. The wonderful folks who make up the Westchester Public School system are what I will miss."

Lynn plans to stay active and engaged in educational professional organizations, in particular Illinois ASCD. She plans to spend some leisure time gardening, reading and traveling. "Time with family is important to me and I look forward to having more discretionary time to spend with family members."

"The close-knit Westchester

community could be a model for other communities as its governmental bodies continue to work together to provide services for its citizens. The focus on families and children is an inspiration and a reason to celebrate. Collaboration is the key to successfully planning a bright future for the families and children of Westchester."

LaVerne Pope, cafeteria supervisor at Westchester Middle School, has served healthy lunches to our students for over 10 years. She will always remember the faces on the children as they passed through the line - happy smiles when the menu was to their liking and not so happy faces when the menu was disappointing. LaVerne will miss her entire middle school family who treated her with love & kindness on a daily basis. She plans on enjoying the non-scheduled time of the day, summertime, and sitting on the patio with her dog, Merry.

Rosemary Baines, cafeteria supervisor at Westchester Primary School, has served nourishing lunches to our young children for eight years. She enjoyed seeing their faces as they walked into the lunchroom and the interaction with them daily. Her greatest joy was the expression of love that the children shared. She appreciates the fine arts programs and their importance in a child's education. Rosemary plans to do volunteer work within the community and enjoy her grandchildren & great grandson. Rosemary would like to say to the community "to take an interest in volunteering at the school and see what the young people are doing, be supportive of the teachers and staff."

\$90 Resident / \$100 Non-Resident

Mural Painting Camp

July 29th – August 2nd (Monday – Friday) for ages 6-13
\$65 Resident / \$75 Non-Resident

Fireworks Cheer Camp

June 24th – June 28th (Monday – Friday) for ages 7-9
\$44 Resident / \$54 Non-Resident

Extreme Poms Dance Camp

August 12th – August 16th (Monday – Friday) for ages 9-13
\$44 Resident / \$54 Non-Resident

LEARN TO SWIM at the Park District

The Park District offers several different swim lesson options for all ages and abilities. Have fun while learning to swim.

**please call for prices and time availability*

Parent/Tot for ages 6mo-3 years

Ready, Set, Swim for age 3

Preschool Aquatics for ages 4-5

Learn to Swim for ages 6-13

Diving 1 & 2

Session 1	June 10 th – June 21 st
Session 2	June 24 th – July 5 th
	<i>*no class 7/4</i>
Session 3	July 8 th – July 19 th
Session 4	July 22 nd – August 2 nd

Other Swim Classes Offered:

Private Swim Lessons	Sing, Splash & Play
Adult Swim Lessons	Whales Tales
Aquacise	Challenge
Guard Start	Lifeguarding Class

j
u
n
e

“Like” us on

for up-to-date information on classes, camps, special events and more!

TENNIS

Learn the basic game skills and improve upon skills you already have. Participants must bring own racket.

Ages 6 -14 M/W June 10th – July 24th

Levels Beginner - Advanced

Ages 13-18 M/W June 10th – July 24th

All Levels

Ages 18 & up F June 14th – July 19th

Levels Beginner - Intermediate

**please call for prices and time availability*

Pool Daily Admission Rates

**Daily Admission must be paid in cash*

Age	Resident	Non-Resident
2-59 years	\$7.50	\$10.50
Senior	\$7.50	\$10.50
Evening Rates Monday – Friday ONLY		
2-59 years	\$3.00	\$10.50
Senior	\$3.00	\$10.50

2013 Season Pool Passes also for sale through September 2nd

Pool Holiday Hours Thursday, July 4th

12:00 pm – 6:00 pm

Pool admission is FREE to all Residents with proof of residency.

The Park District would like to thank all those that volunteered their time to make the 8th Annual Tournament of Champions a continued success.

Summer DAY CAMP

Registration is ongoing for spots in our Summer Day Camp program.

Session I	June 10 th – June 28 th
Session II	July 1 st – July 19 th * No camp 7/4
Session III	July 22 nd - August 9 th

**please call for prices and time availability*

Please visit our website, www.wpdparks.org or call the park district at 708.865.8200 for additional information on any of the above programs.

ST. JOSEPH HIGH SCHOOL ChargerFEAST 2013

A Taste of St. Joseph

Our Celebrity Pasta and Pot Luck Cooking Champs are...

PASTA COOKING CHAMPION

MATTONI
RESTAURANT AND BAR
9 E 31st Street
La Grange Park, IL 60526
(708) 352-7588

Chef Jason Korinek '96,
Owner

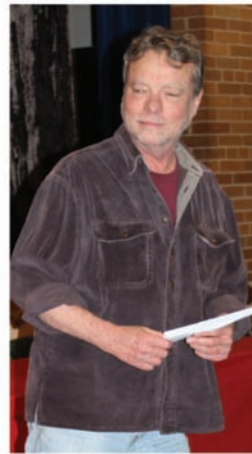

Jason Korinek '96 accepts his award from St. Joseph High School President, David G. McCreery.

POT LUCK WINNERS

2nd PLACE

Sue Stasica
DeSanto Cookies

1st PLACE

New Orleans
BBQ Shrimp

3rd PLACE

Melissa Potempa
Pulled Pork

Thank You!

On behalf of the entire St. Joseph High School Family, we would like to thank all those who supported the **2nd Annual ChargerFeast!** The proceeds from the evening's festivities will support the young men and women attending St. Joseph High School.

We would like to extend a special thank you to the sponsors, donors, alumni, parents, volunteers, faculty, staff, students, business community and friends who have worked tirelessly to make this second annual ChargerFeast a success.

We would like to recognize our Pot Luck and Celebrity Pasta Cookers for their involvement and support of this event! Without each of you, there would be no cook-off.

Our heartfelt appreciation is extended to **Bruce Sirus '69**, owner of Production Plus Technologies, Inc., **Sandy Kasprzak**, Vice President of Quest Food Management Services, Inc. and **Frank Kasprzak '82**, without whom this evening would not be possible.

We are especially grateful for the presence and support of the St. Joseph and IHM alumni, parents, neighbors and friends of the community. We hope that you had an enjoyable evening!

With sincere appreciation and love,
The St. Joseph Family

GO CHARGERS

Why ST. JOSEPH?

Ross pictured with Coach David Purton

No Slowing Him Down! '88 Alum an International Success

Written by: Tony Quattrochi, Faculty Member

Ross Trevino, St. Joseph Class of 1988, has not slowed down since graduation and is not about to. *"I own companies and manage many people that get to work with me and not for me,"* Ross shared in a phone interview from his home in Florida, *"and the long and short of it is that I work with large and small companies as a sales contractor."*

Ross' story begins in Cicero and Berwyn where he grew up learning to manage with limited resources. *"Our family struggled but my brother Anthony and I were fortunate to get solid educations at St. Odilo Grade School and then St. Joseph High School. Catholic education was important to my mother. I was an altar boy in my younger days, as well."* At age 12, Ross started caddying at Riverside Country Club and then at Butler National Golf Course. Ross played soccer at St. Joseph and credits Brother Peter Hannon, FSC and Mr. David Purton for developing his skills at soccer and his ambitious attitude in life. *"I still have the same desire and hunger that I had for sports, but now I apply it to my business to achieve success. Br. Peter and Mr. Purton challenged me a great deal and gave me tremendous support."* Also, while at St. Joseph, Ross made some lifelong friendships; alumni Joseph Turner and Keith Robertson are godfathers to two of his children and he is still in touch with over a dozen other graduates.

After graduating from St. Joseph, Ross went to Western Illinois University, where dwindling finances led him to joining the Illinois National Guard to help pay for his tuition. *"I was busy with both school and the military, but I managed to make the Dean's List my last semester and graduate with a Bachelor's Degree."*

"I never had an hourly or salary job," Ross continued, *"and before I thought of jumping into the nine-to-five routine, I got a call from my St. Joe's classmate, Joe Turner. He was a licensed captain and broker for the boating industry in Florida and I worked with him for some time. I also met my wife there."*

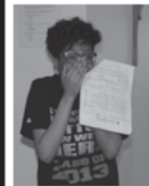

Then Ross saw an ad in the newspaper for entry-level management and the rest is, as they say, history. *"I started doing what you would call door-to-door sales, and you could say I still do the same only on a larger scale. My experiences as an altar boy, playing team sports, being in a fraternity, and serving in the army prepared me with many of the skills that brought me success in sales management. I like to get with the guys and motivate them. I own several companies and work with other companies, like Comcast. I am at the center of a network of different industries that I serve and own."* Ross is president of Primax Partners, LLC, RLT Consulting, and Core Group Sales and his business includes direct sales, retail sales, product sourcing, business acquisitions and route sales. *"I have connections in so many businesses that I can never see myself slowing down."*

Ross and his wife and children have traveled to and lived in different countries. In fact, they lived for seven years in Canada. After living north of the border, Ross moved to California with his family. There, he commuted to China for business, especially Hong Kong. Having the opportunity to travel has expanded Ross' view of the world and given him an appreciation of different cultures; he applies this in working with a diverse population throughout the United States. Most important to Ross though is that his life is grounded in his religion. *"My wife and I are strong Catholics and my faith has helped me in a number of challenging situations. I am very appreciative of the education and support I received while at St. Joe's."*

He concluded with, *"My mom gave me no choice but to go to private grammar school, be an altar boy, be a golf caddy, go to St. Joe's and university. Now that I'm older I appreciate the choices she made for me. So listen to your parents!"*

We are very proud of this Charger! Congratulations, Ross, and good luck!

Charger News...

• **Jaylah Brooks '13** received a surprise visit on Monday, April 29th from HEAR Foundation representatives, Dr. Ray Pollina (HEAR Co-Founder) and Lindsay Adams (HEAR Executive Director), to share with her that she had been selected as a recipient of the HEAR Foundation Scholarship!

Pictured (from left to right): David G. McCreery, SJHS President; Dr. Ray Pollina, HEAR Co-Founder; Jaylah Brooks; Lindsay Adams, HEAR Executive Director; Diane Palumbo, SJHS Director of Guidance/Counseling.

• **Briana Torres '13** was awarded the First Generation Scholarship from St. Mary's University in Winona, MN!

• **Cecelia Quintero '14** was chosen to be part of The American Cancer Society, Illinois (ACS) integrated Summer Research Program. Students had to complete an application and an interview. This is a great opportunity for Cecilia and she will be the first student from St. Joseph High School to have ever participated!

On May 14th Four Charger Football Players Signed Scholarships to play at the following schools...

- **Bryce Cager '13**
St. Ambrose University - Davenport, IA
- **James O'Donnell '13**
St. Ambrose University - Davenport, IA
- **Aaron Bell '13**
Lindenwood University - Belleville, IL
- **Robert Calvin '13**
Benedictine University - Lisle, IL

Village of Westchester Annual Drinking Water Quality Report IL0313150

For the period of January 1 to December 31, 2012

This report is intended to provide you with important information about your drinking water and the efforts made by the WESTCHESTER water system to provide safe drinking water. The source of drinking water used by Westchester is Purchase. For more information regarding this report, contact: Janet Matthys at (708) 345-0020.

Este informe contiene informacion muy importante sobre el agua que usted bebe. Traduzcalo o hable con alguien que lo entienda bien.

Source of Drinking Water

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and groundwater wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline at (800) 426-4791.

Contaminants that may be present in source water include:

-Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.

-Inorganic contaminants, such as salts, and metals, which can be naturally occurring or result from urban storm water runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming.

-Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses. Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum productions, and can also come from gas stations, urban storm runoff, and septic systems.

-Radioactive contaminants, which can be naturally-occurring or be the result of oil and gas production and mining activities.

-In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

-Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone

organ transplants, people with HIV/AIDS or other immune systems disorders, some elderly and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800) 426-4791.

-If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. We cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water hotline or at <http://www.epa.gov/safewater/lead>

Source Water Assessment Summary

Source Water Location

The City of Chicago utilizes Lake Michigan as its source water via two water treatment plants. The Jardine Water Purification Plant serves the northern areas of the City and suburbs, while the South Water Purification Plant serves the southern area of the City and suburbs. Lake Michigan is the only Great Lake that is entirely contained within the United States. It borders Illinois, Indiana, Michigan, and Wisconsin, and is the second largest Great lake by volume with 1,180 cubic miles of water and third largest by area.

Susceptibility to Contamination

The Illinois EPA considers all surface water sources of community water supply to be susceptible to potential pollution problems. The very nature of surface water allows contaminants to migrate into the intake with no protection only dilution. This is the reason for mandatory treatment for all surface water supplies in Illinois. Chicago's offshore intakes are located at a distance that shoreline impacts are not usually considered a factor on water quality. At certain times of the year, however, the potential for contamination exists due to wet-weather flows and river reversals. In addition, the placement of the crib structures may serve to attract waterfowl, gulls and terns that frequent the Great Lakes area, thereby concentrating fecal deposits at the intake and thus comprising the source water quality. Conversely, the shore intakes are highly susceptible to storm water runoff, marinas and shoreline point sources due to the influx of groundwater to the lake.

To view a summary version of the completed Source Water Assessments, including: Importance of Source Water; Susceptibility of Contamination Determination; and docu-

mentation/recommendation of Source Water Protection Efforts, you may access the Illinois EPA website at <http://www.epa.state.il.us/cgi-bin/wp/swap-fact-sheets.pl>.

2012 Voluntary Monitoring

The City of Chicago has continued monitoring for Cryptosporidium, Giardia and E. Coli in its source water as part of its water quality program. To date, Cryptosporidium has not been detected in these samples, but Giardia was detected in 2010 in one raw lake water sample collected in September 2010. Treatment processes have been optimized to provide effective barriers for removal of Cryptosporidium oocysts and Giardia cysts in the source water, effectively removing these organisms in the treatment process. By maintaining low turbidity through the removal of particles from the water, the possibility of Cryptosporidium and Giardia organisms getting into the drinking water systems is greatly reduced.

City of Chicago Emerging Contaminant Study Analysis of Endocrine Disrupting Chemicals, Pharmaceuticals and Personal Care Products

The city of Chicago Department of Water Management (CDWM) has completed a water quality study to monitor some compounds that have not historically been considered to be contaminants of concern, but have been recently documented at trace concentrations in our nation's waterbodies. This study, completed in the years 2009-2011, includes compounds known as Endocrine Disrupting Chemicals (EDCs) and Pharmaceuticals & Personal Care Products (PPCPs), which are considered to be emerging contaminants. EDCs are compounds with potential to interfere with natural hormone systems. PPCPs are a group of compounds consisting of prescription or over-the-counter therapeutic drugs, veterinary drugs, and consumer products such as sun-screen, lotions, insect repellent, and fragrances. The reader is encouraged to visit the United States Environmental Protection Agency (USEPA) website to learn more about EDCs (<http://www.epa.gov/ncer/science/endocrine/>) and PPCPs (<http://www.epa.gov/ppcp/>). In 2012, CDWM has also monitored for hexavalent chromium, also known as chromium-6, a contaminant of concern which has both natural and industrial sources. Please address any questions or concerns to DWM's Water Quality Division at 312-742-7499. A list of detected contaminants from the monitoring studies and additional information is posted on the City's website.

Source Water Assessment

We want our valued customers to be informed about their water quality. If you would like to learn more, please feel welcome to attend any of our regularly scheduled meetings. The source water assessment for our water supply has been completed by the Illinois EPA. If you would like a copy of this informa-

tion, please stop by Village Hall or call our water operator at 708-345-0041.

2012 Water Quality Data

Definition of Terms

Maximum Contaminant Level Goal (MCLG): The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Contaminant Level (MCL): The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Level Found: This column represents an average of sample result data collected during the CCR calendar year. In some cases, it may represent a single sample if only one sample was collected.

Range of Detections: This column represents a range of individual sample results, from lowest to highest that were collected during the CCR calendar year.

Date of Sample: If a date appears in this column, the Illinois EPA requires monitoring for this contaminant less than once per year because the concentrations do not frequently change. If no date appears in the column, monitoring for this contaminant was conducted during the Consumer Confidence Report calendar year.

Action Level (AL): The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Action Level Goal (ALG): The level of a contaminant in drinking water below which there is no known or expected risk to health. ALGs allow for a margin of safety.

Treatment Technique (TT): A required process intended to reduce the level of a contaminant in drinking water.

mg/l: milligrams per liter or parts per million – or one ounce in 7,350 gallons of water

ug/l: Micrograms per liter or parts per billions – or one ounce in 7,350,000 gallons of water

average: Regulatory compliance with some MCLs are based on running annual average of monthly samples.

Maximum Residual Disinfectant Level (MRDL): the highest level of disinfectant allowed in drinking water

Maximum Residual Disinfectant Level Goal (MRDLG): the level of disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs allow for a margin of safety.

ppm: parts per million, or milligrams per liter

ppb: parts per billion, or micrograms per liter

ppt: parts per trillion

pCi/l: picoCuries per liter, measurement of radioactivity

nd: Not detectable at testing limits.

n/a: Not applicable

NTU: Nephelometric Turbidity Unit, used to measure cloudiness in drinking water

% ≤ 0.3 NTU-Percent of samples less than or equal to 0.3 NTU

WATER QUALITY REPORT

20 JUNE 2013

City of Chicago 2012 Water Quality Data

Detected Contaminants						
Contaminant (unit of measurement) Typical Source of Contaminant	MCLG	MCL	Level Found	Range of detections	Violation	Date of Sample
Microbial Contaminants						
TURBIDITY (%<0.3 NTU) Soil runoff. Lowest monthly percent meeting limit.	n/a	TT/ 95%≤0.3NTU	99.7 %	99.7%-100%		
TURBIDITY (NTU) Soil runoff. Highest single measurement.	n/a	TT=1NTU max	0.69	n/a		
Inorganic Contaminants						
BARIUM (ppm) Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits.	2	2	0.0204	0.0194-0.0204		
NITRATE (AS NITROGEN) (ppm) Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits	10	10	0.34	0.34-0.34		
TOTAL NITRATE & NITRITE (ppm) Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits.	10	10	0.34	0.34-0.34		
ARSENIC (ppm) Erosion of natural deposits, runoff from orchards, runoff from glass and electronic production waste	0	10	0.67	0.52-0.67		
TOC [Total Organic Carbons] The percentage of Total Organic Carbons (TOC) removal was measured each month and the system met all TOC removal requirements set by IEPA.						
Unregulated Contaminants						
SULFATE (ppm) Erosion of naturally occurring deposits.	n/a	n/a	17.6	13.4-17.6		
SODIUM* (ppm) Erosion of naturally occurring deposits; Used as water softener	n/a	n/a	7.07	6.88-7.07		
*Note: There is not a state or federal MCL for sodium. Monitoring is required to provide information to consumers and health officials that are concerned about sodium intake due to dietary precautions. If you are on a sodium-restricted diet, you should consult a physician about this level of sodium in the water.						
State Regulated Contaminants						
FLUORIDE (ppm) Water additive which promotes strong teeth.	4	4	0.95	0.84-0.85		
Radioactive Contaminants						
COMBINED RADIUM (226/228) (pCi/l) Decay of natural and man-made deposits.	0	5	1.38	1.300-1.380		3-17-08
GROSS ALPHA excluding radon and uranium (pCi/l) Decay of natural and man-made deposits.	0	15	0.88	0.090-0.880		3-17-08

Note: The State requires monitoring of certain contaminants less than once per year because the concentrations of these contaminants do not change frequently. Therefore some of this data may be more than one year old.

2012 VIOLATION SUMMARY TABLE FOR THE CITY OF CHICAGO

The following table(s) list all violations that occurred during 2012. We included a brief summary of the actions we took following notification of the violation.

Contaminant or Program	Violation Type	Monitoring Period Start Date-End Date	Violation Explanation
Individual Filter Effluent Turbidity Monitoring	Minor Routine Monitoring (ISWTR/LT1)	09/01/2012-09/30/2012 10/01/2012-10/31/2012	We failed to complete all the required tests of our drinking water for the contaminant and period indicated.
Health Effects (if applicable)	None		
Actions we took:	The department of Water Management has installed a new low level turbidity detection alarm program in the electronic turbidity monitoring system and provided corrective action training to staff. This will ensure continuous filter effluent turbidity monitoring without interruption.		

Village of Westchester 2012 Water Quality Data

Lead and Copper Date Sampled 6/8/2011								
Lead MCLG	Lead Action Level (AL)	Lead 90 th Percentile	# Sites Over- Lead AL	Copper MCLG	Copper Action Level (AL)	Copper 90 th Percentile	# Sites Over Copper AL	Likely Source of Contamination
0 ppb	15 ppb (.015 ppm)	8.92 ppb (.00759 ppm)	1	0 ppm (.00 ppb)	1.3 ppm (.0013 ppb)	< .100 ppm (< 100 ppb)	0	Corrosion of household plumbing systems; Erosion of natural deposits

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. We are responsible for providing high quality drinking water, but we cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking.

Regulated Contaminants Date Sampled January, 2012 thru December, 2012							
Disinfectants & Disinfection By- Products	Highest Level Detected	Range of levels Detected	MCLG	MCL	Units	Violation	Likely Source Of Contaminant
TOTAL TRICHAOMETHANES (TTHMs)	36	17.98-57.6	n/a	80	ppb	No	By-product of drinking water chlorination
TOTAL HALOACE- TIC ACIDS (HAA5)	17	5.62-19.13	n/a	60	ppb	No	By-product of drinking water chlorination
CHLORINE	0.8	0.65– 0.82	MRDLG = 4	MRDL= 4	ppm	No	Water additive used to control microbes

Note: Chlorine residuals are taken daily from our water treatment facility. In addition, 16 chlorine residuals are taken monthly throughout our distribution system in concert with routine bacteria/coliform sampling.

Note: The State requires monitoring of certain contaminants less than once per year because the concentrations of these contaminants do not change frequently. Therefore, some of this data may be more than one year old.

No Violations were recorded for the Village of Westchester during this CCR reporting period.

Water Quality Data Table Footnotes

Turbidity: Turbidity is a measure of the cloudiness of the water. We monitor it because it is a good indicator of water quality and the effectiveness of our filtration system and disinfectants.

Unregulated Contaminants: A maximum contaminant level (MCL) for this contaminant has not been established by either state or federal regulations, nor has mandatory health effects language. The purpose for monitoring this contaminant is to assist USEPA in determining the occurrence of unregulated contaminants in drinking water, and whether future regulation is warranted.

Fluoride: Fluoride is added to the water supply to help promote strong teeth. The Illinois Department of Public Health recommends an optimal fluoride range of 0.9 mg/l to 1.2 mg/l.

Sodium: There is not a state or federal MCL for sodium. Monitoring is required to provide information to consumers and health officials that are concerned about sodium intake due to dietary precautions. If you are on a sodium-restricted diet, you should consult a physician about this level of sodium in the water.

Saturday, June 1

Westchester Park District Pool Opens

Sunday, June 2

Golf Outing 12:00 P.M. at Marriott Oak Brook Hills, 5:00 P.M. dinner buffet and cash bar. Divine Providence School, 2500 Mayfair Avenue, 708-562-2258, www.divineprovidenceschool.org:

A Baccalaureate Mass for 8th grade graduates of Divine Infant Jesus School, will be held at church@ 9:30 A.M., 1601 Newcastle Ave. Contact the rectory at 708-865-8071 for more information.

Tuesday, June 4

Board of Education Committee of the Whole Meeting at WMS 6:30 P.M.

Raft Night at the Westchester Park District Pool

CUB SCOUT PACK 73 Westchester is hosting an Open House and Ice Cream Social on at 7:00 P.M., at the Westchester Community Church, 1840 Westchester Blvd. Boys in Kindergarten through 4th grade are invited to attend. Boys will participate in the Rain Gutter Regata while parents gain information on Cub Scouting. Boys must be accompanied by an adult. For more information, contact Cub Master, Dennis Regan at cspack73@gmail.com.

Movie in the Park showing of "A Bugs Life" hosted by the Village of Westchester and Westchester Park District. Movie will be held at Westchester Community Center Park, 10201 Bond St. and will begin at 8:30 PM. Bring blankets, chairs, a picnic and the whole family for this free event. Concession items will also be available for purchase.

Wednesday, June 5

Last Day of School - Grade 8 WMS

All School mass at 8:00 A.M. at Divine Infant Jesus Church, 1600 Newcastle Avenue. Come join us. For more information, contact the school office at 708-865-0122. Last day of school for students at Divine Infant Jesus, 1640 Newcastle Ave. Dismissal at 11:35 AM.

Thursday, June 6

Last Day of School - EC through Grade 7 WPS

Westchester area seniors bus trip on April 28, 2013 to Dollywood and the Smoky Mountains. Check out the upcoming DP Over 50 trip planned in September. All seniors welcome!

WMS 8th Grade Graduation at Hinsdale Central H.S. 7:00 P.M.

Friday, June 7

Final School Dismissal 10:30 A.M. Divine Providence School, 2500 Mayfair Avenue, 708-562-2258, www.divineprovidenceschool.org:

Monday, June 10

1st Session Swim Lessons Begin at Westchester Park District Pool 7:30 A.M. - 9:00 A.M. Economic Development Committee Meeting in the Village Hall Community Room

Tuesday, June 11

**West Suburban Senior Services-The Relatives Raising Children support group meets the 2nd Tuesday from 10:00AM-11:00 AM and the 4th Tuesday from 5:30 PM-7:00 PM (dinner and childcare provided). The LGBT group meets every Friday from 11am-2pm. These groups are all at our Forest Park location-8300 Roosevelt Rd

Village Board Meeting at 7:00 P.M. in the Village Hall Court Room with the Committee of the Whole Meeting immediately follows.

Wednesday, June 12

DIVINE PROVIDENCE OVER 50 CLUB - Our next meeting will be held on June 12, 2013 in the Mayfair Room at Divine Providence. There will be no meeting on June 5th. Doors will open at 11:30 A.M. We will be celebrating summer with our Picnic and serving Box Lunches at Noon. Members \$8.00 and Guests \$9.00. If you have not obtained your ticket yet you can call Ruth @708-947-9020. Deadline for tickets is June 3rd. We will also be having a "Sister Act" Skit. This will be our last meeting until September. Please note***Trip to Boston, Salem and the North Shore is planned for September 4-10, 2013. Cost is \$615 per person, based

on double occupancy. This will include a guided tour of Boston, JFK library and Museum, Historic Gloucester "America's Oldest Seaport" and Faneuil Hall Marketplace and much more. You will have motor coach transportation, 6 nights lodging, 6 breakfasts and 4 dinners. Make your reservation today with Marianne @ 708-562-3766. \$75.00 deposit is required. Final payment will be due July 1, 2013. Have a safe and great summer. See you in September.

Saturday June 15

Flea Market - Saturday, June 15, 2013, 8:30 A.M.-2:00 P.M. Westchester Community Church, 1840 Westchester Blvd, Westchester. \$5 early bird shopping admittance from 8:00 A.M. - 8:30 A.M. Otherwise free admittance. Food will be served from 8:00 A.M. - 1:30 P.M. Proceeds will go to special projects in the church. For more information call the church office at 708-865-1282. Event occurs rain or shine.

Market Day Pickup 8:30 A.M. -9:30 A.M. Divine Providence School, 2500 Mayfair Avenue, 708-562-2258, www.divineprovidenceschool.org:

Meet the June 2013 Good Neighbors

Nominees: Don Krueger & Joe and Vince Amoroso 11100 Block of Mandel

Nominated by: Chris Marik 2900 Block of Mayfair Ave

Why they are a good neighbor?

On 4/18/13 when Westchester experienced extremely heavy rainfall, Mayfair Avenue flooded, with the water traveling up to the front of my home. I was battling water coming in from my downstairs washroom. After phoning to ask if I needed help, Don came over with his shop vac and together with my shop vac we tag-teamed vacuuming up the water and emptying the contents for hours. This was not his house or his problem and is the **second** time that he has worked to clear my lower level (the first time was after the flood of 2010).

On 4/18/13 Don Krueger phoned his neighbors Joe and Vince Amoroso and asked them, as a favor, if they would come to my home and move my family room furniture up into my living room. They had to find a way to my home, park their car blocks away and walk through standing water to get to my home. They carried up my furniture and would not accept payment of any kind.

Their thoughtfulness and labor are very much appreciated, and in the case of the Amoroso boys, they were helping a total stranger.

Nominee: Art Knobloch 2300 Block of Mayfair

Nominated by: Joseph Krajnc Jr. 2300 Block of Mayfair Ave

Why they are a good neighbor?

Art sets an example in being a volunteer. For years, Art has gone to the Hines Veterans Hospital twice a week. Being retired he talks of joy in helping vets. Especially during our battles overseas with our vets, Art returns the response with time to serve, perhaps his example will encourage us to be there for a vet somehow. Thank you, Art.

Nominee: Denny Grammas 1800 Block of Hull Ave

Nominated by: The Ivel Montaluo Family 1800 Block of Hull Ave

Why they are a good neighbor?

He plays with my children and he picks them up after school. When I need something from the store, he goes there and gets it. When my kids need help with their homework he helps them. Sometimes he babysits my kids. He helps and sometimes plays with other neighborhood kids. He is the greatest neighbor that I know.

Nominate a Good Neighbor

Do you have a Good Neighbor you would like to nominate to be recognized in the Westchester newsletter? Praise the efforts of local residents, organizations, and businesses by nominating them as a good neighbor. We are looking for those friendly folks, good deeds and special neighborly touches that make living in Westchester special. A nomination form is included in this issue below. Nominations for the next newsletter must be received by the 15th of this month by sending them to newsletter@westchester-il.org (Subject Line: Good Neighbor Nomination) or 10300 W. Roosevelt Rd. Westchester, IL 60154 (Attn: Good Neighbor Nomination). We look forward to sharing the good news!

TO VOLUNTEER AT THIS EVENT, PLEASE CONTACT CARL CELESTINO AT CWOLVES94@YAHOO.COM

Sprinkling Ban Reminder

Effective May 15-September 15

Residents and businesses are reminded that we have water use restrictions in effect every year, from May 15th through September 15th, during the hours of 12pm to 6pm.

This includes:

1. Outdoor Watering
2. Cleaning Outdoor Surfaces
3. Cleaning Buildings
4. Pool Filling

Sprinkling during unrestricted hours (before noon, after 6pm) shall be allowed on even numbered days for those even numbered addresses, and on odd numbered days for those residents having odd numbered addresses. If we have a dry summer, further restrictions may be necessary.

For example:

June 10-even numbered day of the month: West side and north side can water before 12 noon and after 6:00pm.

East side and south side cannot water.

June 11-odd numbered day of the month: East side and south side can water before 12 noon and after 6:00pm. West side and north side cannot water.

2013 Street Rehabilitation

The following Village streets are planned for rehabilitation this year; the Program will be broken up into 2 phases... a Spring phase (Phase 1) which will commence mid April with completion scheduled by the 4th of July. The second phase will commence after the 4th of July with completion scheduled for the end of October. This planned work includes complete concrete curb and gutter removal and replacement, concrete driveway removal and replace-

ment, pavement removal and replacement, and restoration of disturbed areas with sod. Residents affected by this work will be notified by hand delivered notice of actual start date which will include information on relocation of vehicles when the curb and apron work is being accomplished. Curb and apron work will occur on one side of the street at a time to allow for parking in the street for residents displaced from their driveways while new concrete is allowed to

cure. Garbage pickup and mail delivery service will continue as usual.

Phase 1

Nelson Square
Wellington Avenue
Lancaster Street from Wolf Rd. to Wellington Avenue
Fleet Street (south side only)
Preston Street from Kensington to Sunnyside (south side only)
Hull Avenue from Cermak Rd. to Kent Street

Bond Street from Westchester Blvd. to Portsmouth Avenue

Phase 2

Hull Avenue from Gladstone Street to The Strand
Highridge Avenue from Canterbury Street to Boeger Avenue
Heidorn Avenue from Canterbury Street to Charles Street
Charles Street from Wolf Rd. to Boeger Avenue
Newcastle Avenue from Roosevelt Road to the north end
The Strand

50/50 Programs

50/50 Shared Cost Sidewalk Replacement Program

The Village offers a shared cost sidewalk replacement program. If the sidewalk in front of your residence is in poor condition and you would like to replace it,

the Village will share the cost with you.

Call Public Works at 708-345-0041 to register. We will be accepting applications until the end of June 2013.

50/50 Shared Cost Parkway Tree Program

Beautify your yard and add to the curb appeal of your home.... The Village offers a 50/50 shared cost program that includes the

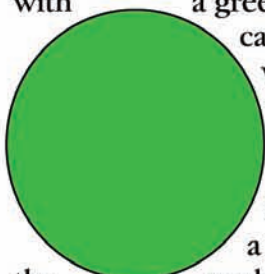

purchase and planting of a new parkway tree. Residents have a choice of 5 types of trees indigenous to the area.

The trees will be planted in November 2013. Call Public Works at 708-345-0041 to register!

Ash Tree Removal

If the parkway tree is marked with a green dot, it indicates the tree will not be trimmed due to it being scheduled for removal at a later date. If

the parkway tree is marked with a pink X, the tree will be removed in the near future. The Village forester will determine, on a case by case basis, whether a replacement tree will be placed in the same or nearby location; tree replacement species will be determined by the Village forester as well. In some instances, tree replacement will not occur at all, due to proximity of existing trees in the parkway. Questions can be directed to the Public Works Department at 708-345-0041.

In-House Pavement Patching Program

Public Works will lay 2,000 tons of asphalt this summer as part of our in-house pavement patching program. Pavement grinding on the 1st phase has been completed. We have been working in the south central portion of town. Hot mix asphalt patching of those areas that have been ground will begin mid-May. Phase 2 of the in-house pavement patching will begin in 6 weeks. Please be aware that there will be some bumps as we complete this process, so please slow down to avoid any accidents, injury or damage.

Additional Public Works News

- Construction season has started, so please drive carefully in all work zones!
- Waste Management will also pick up your branches as long as they are tied in bundles no more than 4 feet in length. These are picked up every week, on your regular garbage day.
- FREE Yard waste stickers are available at the Public Works Department and Village Hall.
- The Public Works Department is now repairing parkways that have been damaged by water excavations and snow plow damage. We are also restoring parkways due to Ash tree removals. Concrete work and street repairs have started, as weather permits.
- The Public Works Department continues to fill potholes throughout the Village. Please call Public Works at 708-345-0041 to report potholes.
- Alley grading is also being done on a continual basis.
- The vac and jet machine will continue cleaning storm sewer inlets, as weather permits.

Village residents are asked to call Public Works at 708-345-0041 or the Police Non Emergency number after hours at 708-345-0060 if an unusual amount of water is visible in the street or parkway.

This could be a main break or water leak that requires our immediate attention.

Westchester's Annual

JULY 4TH PARADE

Thursday, July 4, 2013

Parade begins at 9:30 AM

The theme for the parade is "HONOR OUR FIRST RESPONDERS"
